

Make you feel like you are disobeying God

Use church authority to control you

Will refuse to admit their failures

Twist Scripture

Never show you their true self

WHAT HAPPENS WHEN YOU TRY TO LEAVE THE

Spiritual Narcissist

The biggest thing they will do is try to convince you and everyone else that you have broken the very law of God and forsaken Him. All because a hit against the narcissist is akin to a hit against God Himself.

Keep their supporters in the dark

Convince everyone that they are amazing

Convince everyone that their's is the only way

Argue until you give in

Need to convince everyone of how close to God they are

Always do all the talking
